Training in Amsterdam

Some Testimonials

"The combination of toolkit and platform is powerful.
One supports preparation, the other supports practice."

"This training gave me new motivation. It showed that training can be creative, not just theoretical."

"The SkillsVista platform is very practical. The scenarios reflect real-life situations my learners face daily. "

"Soft skills are often difficult to teach, visual tools are definitely helpful."

Suggested Topics for Future Expansion
BY TRAINERS

- Advanced Visual Facilitation Techniques
  - Participants expressed interest in:
  - Deeper exploration of visual storytelling
  - Using symbols and metaphors for emotional topics
  - Facilitating learner-created visuals rather than trainer-led visuals

- Requested focus on:
  - Handling workplace conflict
  - Professional communication
  - Understanding workplace norms and expectations

- Participants requested:
  - More real-life scenarios
  - Sector-specific examples (workplace, social services, daily life)
  - Learner-generated scenarios

FINAL ONLINE MEETING-

The meeting served as a structured space to:
- Review project results and outputs
- Reflect on lessons learned
- Evaluate project impact
- Confirm sustainability and exploitation plans
- Strengthen continued cooperation among partners
- Partners shared final reflections on the Visual Methodology Mastery Kit, the SkillsVista platform, and dissemination outcomes. The discussion emphasised how visual methodologies improved engagement and accessibility for vulnerable adult learners.
- The meeting also allowed partners to align on long-term use of results, platform maintenance, and future collaboration opportunities.
